

CONTACT/BRAKE CLEANER

The Original Contact/Brake Cleaner packaging has transformed into the **NEW Original Bike Spirits™** Contact/Brake Cleaner. Same great product with a new attitude and spirit! There's Nothing Like The Original™.

Original Contact/Brake Cleaner is a highly active solvent blend which provides maximum performance in a brake parts cleaner without the use of ozone depleters or chlorinated solvents. Powerful blasting spray easily removes brake fluid, grease, oily dirt and contaminants from linings, pads and drums, cylinders and springs without disassembling the brake unit. Rapid and complete evaporation make this the ideal brake parts cleaner. This non-chlorinated formula does not contaminate waste oil so disposal is facilitated.
